#### **ARTICLE 60** **FITNESS FOR DUTY**

60.1 Employees are individually responsible and accountable for their personal fitness for duty and shall not report to duty while "unfit" for any reason to safely perform assigned duties. Each manager or supervisor of ANAHEIM is responsible and accountable for day-to-day assessment of each subordinate's fitness for duty.

60.2 When, in the judgment of a manager or supervisor, an employee is "unfit" to safely perform assigned duties as evidenced by a serious and significant deviation from the employee's normal fitness, the manager or supervisor shall remove the unfit employee from the workplace in accordance with regulations established by ANAHEIM.

60.3 Employees may be judged unfit for duty due to (1) illness or injury (mental, emotional, or physical) or use of prescription drugs, alcohol, or other substances, (2) employee assertion that they are "unfit" to safely perform assigned duties due to a serious and significant deviation from their normal fitness for duty, or (3) employee, or third party notification to ANAHEIM of any current illness, injury, or condition which may pose a danger to the employee, co-workers, or the public.

60.4 ANAHEIM may, at the discretion of the Fire Chief, require any employee judged unfit for duty in accordance with Section 60.2 above to undergo a fitness for duty assessment performed by a licensed physician, or licensed psychiatrist or psychologist.

60.5 Any employee judged unfit for duty in accordance with Section 60.2 above will be required to seek treatment, comply with all recommended treatment and recovery plans, and keep ANAHEIM informed of the prognosis and date of expected return to work. Failure to comply with the provisions of this section may subject an employee to discipline, up to and including termination.

**ARTICLE 61**

- 61.2 Employees in classifications listed in Appendix “A” may be placed on Administrative Leave With Pay at the discretion of Fire Department management with the concurrence of the Anaheim City Manager under the following circumstances:

- 61.2.2 Employees judged “Unfit” for duty as the result of a physical examination or annual fitness and medical evaluation conducted in accordance with Section 57.1 shall not be eligible for Administrative Leave With Pay and shall be subject to the provisions of Section 57.3.

An employee shall be required to seek treatment, comply with all recommended treatment and recovery plans, and keep ANAHEIM informed of the prognosis and date of expected return to work. **ARTICLE 62**  
**DRUG AND ALCOHOL TESTING BASED ON REASONABLE SUSPICION**

- 62.1 It is critical to the public health and welfare and to employee safety to ensure a drug and alcohol free work environment. No employee shall report to work while under the influence of drugs or alcohol, nor shall any employee possess, use, or consume alcohol or illegal drugs while on City time or on City property, or when there is a reasonable expectation of being called to duty. No employee shall report to work or remain on duty while his or her ability to perform job duties is impaired due to alcohol, controlled substances, or non-prescription medications, whether such use was on duty or off duty.
- 62.2 Employees taking drugs prescribed by an attending physician must advise their direct supervisor, before beginning work, of possible side effects of such drugs which could interfere with the safe and effective performance of duties or operation of equipment.

Clearance from a qualified physician designated by the City may be required if there is a question regarding an employee's ability to safely and effectively perform assigned duties while using such drugs.

62.3 Employees reasonably believed to be under the influence of alcohol or drugs shall be prevented from engaging in further work and shall, for safety purposes, be provided transportation from the work site as appropriate.

62.3.1 The term "drugs" as used in Section 62.1 shall mean those substances which are included in Schedules I through V of the Controlled Substances Act, 21 U.S.C. Sec. 812 and/or in Schedules I through V of Chapter 2 of the California Health and Safety Code, commencing with Section 11050, as the same may now exist or hereinafter be amended.

62.3.2 The term "illegal drugs" as used in Section 62.1 shall mean all drugs other than medications lawfully prescribed by a licensed attending physician for the person in possession of the medication or medications that can be lawfully purchased without a prescription.

62.3.3 The term "reasonable suspicion" as used in Section 62.1 is a belief based on objective facts and reasonable inferences drawn from those facts in light of experience, sufficient to lead a reasonably prudent person to suspect that an employee is under the influence of drugs or alcohol.

62.3.4 The term "under the influence" as used in Section 62.1 means the employee's ability to perform the functions of the job is impaired or that the employee's ability to perform his or her job safely is reduced due to the consumption or use of drugs or alcohol.

62.4 Managers and supervisors may request and, if necessary subsequently order upon concurrence of a second level of supervisor, that an employee submit to a drug and/or alcohol screening when a manager or supervisor has reasonable suspicion that an employee is under the influence of illegal drugs or alcohol while at a work location, while on the job or when reporting for duty. Employees shall authorize the City's medical provider and laboratory to take samples for screening and to release the results of the screening to the City.

62.4.1 An employee who refuses an order to submit to a drug and/or alcohol screening, or to authorize the taking of a sample, or to authorize the release of the results of the screening to the City, or engages in conduct that clearly obstructs the testing process shall be subject to disciplinary action, up to and including dismissal.

62.5 All alcohol or controlled substances testing shall comply with the procedures set forth in the Federal Motor Carrier Safety Regulations Title 49 – Transportation, Chapter III – Federal Highway Administration Department of Transportation, Subtitle A – Office of the Secretary of Transportation, Part 40 (Procedures for Transportation Workplace Drug and Alcohol Testing Programs.)

62.5.1 A positive result from a drug and/or alcohol screening may result in disciplinary action, up to and including dismissal.

- 62.5.2 If the drug screen is positive, the employee must provide, within 24 hours of request, bona fide verification of a valid current prescription in the employee's name for the drug identified in the drug screen. If the employee does not provide acceptable verification of a valid prescription, or if the prescription is not in the employee's name, or if the employee has not previously notified his or her supervisor pursuant to Section 62.2, the employee may be subject to disciplinary action, up to and including dismissal.
- 62.6 An employee who has had a positive result from a drug and/or alcohol screening shall undergo a return-to-duty drug and/or alcohol screening and will not be returned to duty unless there is a verified negative result for controlled substances or an alcohol concentration of less than 0.02.
- 62.7 Information obtained under the provisions of this ARTICLE and the attendant regulations, policies and procedures, shall be held strictly confidential.
- 62.7.1 The drug and/or alcohol screening results will be retained with medical examination results in a separate location in compliance with the confidentiality of Medical Information Act, California Civil Code Section 56, et seq.
- 62.7.2 The reports or test results may be disclosed to City Management on a strictly need-to-know basis and to the tested employee upon request.
- 62.7.3 Disclosures, without patient consent, may also occur when: (1) the information is compelled by law or by judicial or administrative process; (2) the information has been placed at issue in a formal dispute between the employer and employee; (3) the information is to be used in administering an employee benefit plan; (4) the information is needed by medical personnel for the diagnosis or treatment of a patient who is unable to authorize disclosure.
