Disciplinary Action

28.1 Policy

- A. The Department shall maintain procedures to implement discipline in cases where an employee is negligent in his duties or engages in misconduct. Counseling techniques should be used when possible to train or guide employees. The imposition of discipline becomes necessary when such counseling fails to rectify improper action, or the employee is deemed to have committed a serious violation of Departmental rules, regulations, procedures or any applicable State Statute. The Disciplinary Matrix has been established to assist the Chief of Police in ensuring that discipline is fundamentally fair and applied uniformly.
- B. Discipline is designed to be progressive in nature. Generally, the minimal amount of discipline necessary to achieve the desired change in performance or behavior shall be used. The Department will insure that a copy of all policies, directives, rules and procedures, including rules of conduct and appearance, be provided to each employee.
- C. Written records of discipline shall be governed by the Florida Public Records Law (Chapter 119, Florida Statutes) and retention schedules as specified by the State of Florida. Pursuant to Public Records Law, completed and closed case may be reviewed by the public and media upon request. Copies may be obtained upon request and receipt of payment of applicable fees.

28.1.1 Discipline – The loss of accrued time, suspension without compensation, demotion in rank or termination.

28.1.2 Forms of Disciplinary/Corrective Action

- A. Training (Remedial/Education) - If it is determined that infractions or poor work quality are the result of lack of knowledge of procedures or policy, training may be requested through the Division Commander to the Training Unit. The purpose of additional training is to assist the employee in correcting and improving their performance level. Training may be conducted during reasonable hours, on Department time, under a Field Training Officer or the Supervisor. If necessary, the employee may be assigned specific remedial training through the Training Unit. Training may be given in addition to other types of disciplinary actions.
 - 1. If for any reason, an employee fails to attend or complete the remedial training in a satisfactory manner, the appropriate Division Commander shall be notified. Any recommendations for training shall be placed in the employee's personnel file.
- B. Verbal/Personnel Log Entry/Counseling – The purpose of counseling is to allow the supervisor to bring to the employee's attention the need to improve their performance, work habits, behavior, or attitude and to serve as a warning against further repetition of the unsatisfactory conduct. The supervisor should utilize the occasion to identify and define the area needing improvement and inform the employee as to how much improvement can be realistically achieved. The counseled employee shall sign the log entry if applicable.
- C. Letter of Counseling - In a situation where counseling has not resulted in the expected improvement, or when an employee commits a more serious offense, a written counseling shall be given to the employee. This shall include a complete description of the incident(s) of misconduct, and refer to specific times, dates, and locations, personnel involved, and rules violated.
 - 1. A copy of the written counseling shall be given to the employee, and the original filed in the Internal Affairs Unit.

 - 1. in the event offenses are continued or repeated and the employee has already received oral or written counseling, or if the nature of the offense is relatively serious, the employee may be suspended for a specific period of time.
 - 2. Recognizing the burden the loss of an employee's presence on the job creates, suspensions may take the form of loss of accrued leave from the employee's vacation leave account. The suspension assigned shall be based on the nature of the offense according to the disciplinary matrix, past performance by the employee, number of previous incidents, and the likelihood of improvement on the part of the employee based on previous disciplinary problems.

3. All incidents of suspension shall be documented in a letter signed by the Chief of Police, with a copy given to the suspended employee and the original placed in the employee's personnel file.
 4. Such suspension shall be without pay, and, if for more than one day, shall be issued on a consecutive working day basis or on a schedule deemed appropriate by the department. It should also be noted that permission for the employee to engage in off-duty police employment will be temporarily withdrawn for the duration of said suspension.
 5. The Chief of Police, with approval of the City Manager, may suspend an employee with pay during an investigation when allegations are serious enough to, if sustained, warrant an extended suspension, dismissal, or demotion.
 6. For definition purposes, a day of suspension/loss of leave shall be equal to eight (8) consecutive hours.
 - (a) If an employee's schedule is other than an eight (8) hour schedule, suspension shall be based upon Operational necessity.
- E. Demotion - In cases where the only alternative to demotion would be dismissal from the Department, and the Chief of Police deems it is in the best interest of the Department, such demotion may be utilized as a means of retaining the employee.
1. Any such demotions shall be documented and a copy placed in the employee's personnel file indefinitely.
 2. A voluntary demotion shall be so designated and shall not be deemed a disciplinary action.
- F. Termination - Termination is the permanent discharge from employment, for cause. The City Manager is the only person authorized to terminate employees. For continued series of minor offenses, repetition of more serious offenses, or the first occurrence of a serious offense, an employee may be dismissed from the Department. At the sole discretion of the Chief of Police, with the mutual agreement of the affected employee and the F.O.P. (if applicable), a Last Chance Agreement may be offered. (The dismissal of non-sworn Probationary employees shall be according to City policy, Rule VII, Sect. 8, "Dismissal During Probationary Period").
1. If the employee's alleged conduct is serious enough to warrant dismissal, the employee may be placed on suspension, with or without pay, pending the outcome of the investigation.
 2. A dismissed employee's file shall be retained by The Human Resources Department according to State requirements for retention of records, based on the time frame for maintenance of all employee files.

The election to accept disciplinary/corrective action by the employee must be in writing and must be accepted by the Chief. The employee may provide a written response commenting on the facts contained in the allegation. This acceptance closes the investigation as Sustained. If the employee elects not to accept the proposed discipline by the Chief, the Chief is not bound to that proposed discipline at the conclusion of the investigation. It shall then be forwarded to the City Human Resources Director and City Manager for their approval. Discipline must be administered within 30 calendar days of H.R. Director and City Manager approval.

- The employee shall have three (3) business days to advise in writing the acceptance or denial of the proposed discipline. Failure to respond shall imply the acceptance of the proposed discipline and forfeiture of grievance rights.

It shall then be forwarded to the City Human Resources Director and City Manager for their approval. Discipline must be administered within 30 calendar days of H.R. Director and City Manager approval. Failure to administer discipline within the above time frame shall not change the findings of an investigation; however, the administration of that discipline shall be forfeited.

28.2 Policy

To a large degree, the public image and trust in the Agency is determined by the quality of the Internal Review function in responding to allegations of misconduct by the Department or its employees.
- B. An appropriate investigation shall be conducted on all complaints, including anonymous, against the Department or its employees. Malicious and deliberately false accusations should be investigated to protect the integrity of the agency or the employees, thereby instilling public confidence. In some cases, the extent of the investigation may be limited to substantiating the falsity of the accusations. The Chief shall retain final authority for filing of criminal charges pertaining to 837 FSS, Perjury.

28.2.2 Accepting Complaints Against Employees

- A. Referral- Whenever possible, persons making a complaint will be referred to the Internal Affairs Unit. If that is not possible they shall be referred to an on-duty supervisor. The supervisor will evaluate the complaint and determine whether the complaint is procedural or behavior/conduct related. If the complaint is procedural, the supervisor shall resolve the complaint with the appropriate information or forward the complaint thru the effected employee’s Division Commander/Director to the employee’s immediate supervisor. If the complaint is related to employee behavior or conduct which includes an employee’s failure to follow accepted procedures, the supervisor shall document such on an Employee Complaint form or provide a form to the complainant to complete. That form shall be forwarded to the Internal Affairs Unit where it will be categorized, managed and maintained as appropriate and authorized in 223.3.

B. Criminal complaints

1. If the complaint involves a misdemeanor or felony criminal act, the Internal Affairs Unit will be notified and will arrange for the initial case report to be received or initiated.
2. The follow up on such criminal cases will be assigned at the direction of the Chief of Police
3. If the employee is under arrest or is likely to be placed under arrest as a result of an investigative interview, he shall be completely informed of all of his rights prior to the commencement of the interview.

C. **Anonymous Complaints-** Complaints received by mail or from citizens who wish to remain anonymous or refuse to come in to the station will be referred to the Internal Affairs Unit. In anonymous complaints, preliminary fact-finding shall be completed before an investigation is opened to determine if basic points of the allegations can be confirmed. Internal Investigations shall be completed in accordance with 112 FSS.

B. **Division Inquiries (DI Cases):** Division Inquiries are complaints which allege minor violations or improper use of procedure. DIs are informal inquiries conducted by the employee's chain of command and do not involve the administration of discipline greater than a written letter of counseling. Only the Chief or his designee can authorize a DI. Complaints received by employees with different chains of command shall be investigated by an appropriate supervisor of neutral standing. All DIs shall be completed within twenty-one (21) days from the date of inception.

28.2.4 Investigation of Complaints

A. Internal Investigations

1. Upon the authorization of an Internal Investigation the Internal Affairs Unit shall prepare a file folder which shall contain the original complaint and any copies of

reports or other pertinent documentation. It shall also contain an Internal Investigation Checklist. The Internal Affairs unit shall also provide the Chief with the accepted level of discipline according to the Disciplinary Matrix. The Chief shall determine a finite discipline per the Matrix.

2. The investigator shall notify the employee of the specific nature of the complaint and name of the complainant and the employee's Division Commander as soon as practical. The Internal Affairs Unit shall determine if such notification would compromise the investigation. Notification may be withheld with the Chief's approval. When an employee is notified in writing of an internal investigation and it is later decided the investigation is not going to be pursued or is being reduced to a DI the employee and their Division Commander shall be notified in writing as soon as practical. The employee shall be provided information concerning rights and responsibilities relative to the investigation.

5. Except as allowed by law, an employee cannot be ordered to submit to any device designed to determine intoxication or the presence of alcohol or other intoxicating substance in the body.
6. No employee may be required to undergo a polygraph examination or any other examination for the purpose of determining truthfulness.
7. Department employees shall not make public statements concerning the investigation until it is completed and the employee under investigation has been notified. This does not preclude the Chief of Police from discussing investigations with his staff or with the City Manager. (See Florida Attorney General Opinion 97-56 and 112.533(3) FSS)
8. If, during the course of an Internal Investigation, an additional policy violation is discovered to have allegedly been committed by the subject employee, that employee shall be notified unless such notification would compromise the investigation. If the additional violation does not, in and of itself, warrant disciplinary action against the employee the following two options may occur:
 - (a) The added violation may be documented in the Internal Investigation report with no further action taken, or

- (b) The violation may be documented as a DI and forwarded to the employee's supervisor as outlined in 223.3.
9. If a policy violation is discovered to have allegedly been committed by an employee who is not the subject employee, that complaint shall be categorized and managed as appropriate and authorized in 28.2.3.
 10. The standard of proof to sustain, not sustain, unfound or exonerate the complaint will be based on the preponderance of the evidence.
 11. The Internal Affairs Unit will forward the results of an Internal Investigation to the Chief with a written recommendation as to:
 - (a) Sustained - The allegation has been investigated and the facts show that the allegation is true and the action taken was not consistent with agency policy.
 - (b) Not Sustained – The allegation has been investigated and there is insufficient proof to confirm or refute the allegation
 - (c) Unfounded - The allegation has been investigated and either the allegation is demonstrably false or there is no credible evidence to support it.
 - (d) Exonerated - The allegation has been investigated and the facts indicate that the action taken was consistent with agency policy or a violation of policy has occurred but was justified due to exigent circumstances.
 12. The subject employee will be notified in writing in investigations which are ruled Sustained, Not Sustained, Exonerated or Unfounded. Investigations which are found to be Not Sustained, Exonerated or Unfounded shall be filed and maintained by the Internal Affairs Unit until it may be disposed of per State Statute (119.01(4) FSS)
 13. No Internal Investigation case will be held *OPEN*. The investigation shall continue as long as new information is received and evaluated. If the case produces no conclusion and no further leads within 45 days, it will be forwarded to the Chief for a determination on case finding. However, a case may be extended by the Chief in writing, if the Chief receives a written report from the investigating officer describing the reason additional time is required and the length of time needed. The reason for requesting additional time must pertain to the case itself. Written notice of the extension and reason must be given to the subject employee.
 14. In sustained Internal Investigations where discipline is anticipated per the disciplinary matrix a pre-disciplinary hearing may be held according to City Policy, Rule XIV, Disciplinary Actions. The Chief will forward his recommendations to the Human Resources Director and City Manager if discipline is proposed per the General Order on Discipline. (GO 402)

15. The case materials will then be returned to the Internal Affairs Unit for records retention. All files shall remain in locked file cabinets with access limited to the Internal Affairs Unit.
16. The Internal Affairs Unit shall notify the complainant, in writing, as to the final determination of the case.
17. The Internal Affairs Unit may dismiss an Internal Investigation for procedural reasons (e.g., failure of the complainant to pursue the complaint, etc.) with approval of the Chief of Police.

B. Division Inquiries (DI)

1. DIs are informal investigations which are not required to adhere to Investigation Guidelines outlined in 112.532 FSS and do not result in discipline.
2. DIs will be assigned a control number by the Internal Affairs Unit. The Internal Affairs Unit shall forward the complaint directly to the investigating supervisor with notification thru the chain of command.
3. DIs shall be handled at the lowest supervisory level. No DI will be conducted by an officer of equal or lesser rank than that of the subject employee. Acting rank does not constitute a rank for the purpose of investigation of employee misconduct.
4. If during the investigation the supervisor determines that an additional violation occurred, he shall notify the Internal Investigations Unit for categorization per 28.2.3.
5. The standard of proof to sustain, not sustain, unfound or exonerate the complaint will be based on the preponderance of the evidence.
6. After the investigation by the immediate supervisor the case will be forwarded to the Chief. The supervisor will include recommendations as to whether the allegation is Sustained, Unfounded, Not Sustained or Exonerated.
7. The Division Commander or his designee shall notify the employee of the final disposition of the case. The findings of the DI will be discussed with the affected employee and documented per the disciplinary matrix. The entire case investigation shall be forwarded to the Internal Affairs Unit.
8. The Internal Affairs Unit shall notify the complainant in writing as to the final determination of the complaint.

Article 29

Grievance Procedure

- 29.1 For the purpose of this article, a grievance is a dispute concerning the interpretation or application of the terms of this agreement.
- 29.2 All references to days in this article are to calendar days. If the last day of any applicable time period called for in this article is a Saturday, Sunday, or holiday, the deadline is automatically extended to the close of business of the next scheduled working day for administrative personnel of the Department.
- 29.3 A bargaining unit member who believes that he/she has a grievance shall complete a Grievance Form and forward the form to his/her FOP representative for the purpose of resolving the dispute informally. The representative should discuss the matter with the member's immediate supervisor as soon as possible after the representative has become aware of a dispute concerning the interpretation or application of this agreement. If the employee is not satisfied with the response of his/her immediate supervisor, a resolution may be pursued by following the chain of command up to and including the Chief of Police. This informal resolution process may take no longer than fourteen (14) days from the date the member is aware of a dispute concerning the interpretation or application of this agreement.

If an appointment to discuss the resolution cannot be obtained with any supervisor within the fourteen (14) day limit, the next step in the chain will be consulted. An appointment with the Chief of Police made within the 14 days but occurring after the 14 day limit will be considered a mutually agreed extension (29.5). The City and the FOP agree that using this informal process can be beneficial to both parties and both agree to use it in good faith. Should the grievance deal with an issue which is external to the Police Department and beyond the resolution of the Chief of Police, the informal process may start with the Chief of Police.

Probationary employees shall not be entitled to invoke a grievance stemming from a performance evaluation.

At the end of the 14-day limit if no satisfactory resolution is forthcoming, the FOP representative shall forward the written Grievance Form to the respective Bureau Commander.

- 29.4 In the event that a grievance involves more than one member and is dependent on a common fact situation, such grievance shall be deemed a class grievance and the grievance procedure may be invoked directly at the Chief of Police level, by any aggrieved full time employee or the FOP. All members in the same common fact situation shall be bound by the resolution of the grievance and no further individual grievances concerning or arising out of that common fact situation will be processed.
- 29.5 Any grievance that has not been submitted to the next step in a timely manner shall be deemed expired and no further action pursued on the matter. Extensions for any valid reason shall be subject to the mutual agreement of the parties. Timeliness for a formal grievance shall be ten (10) days after exhausting the informal process or ten (10) days from the date of receiving and signing the written findings if the informal process is not pursued.
- 29.6 The grievance procedure shall include three steps:

Step 1

- 29.6.1 If the grievance is not settled through the process as outlined in 29.3, or the member chooses not to exercise the informal process, the FOP representative, within seven (7) days must submit an FOP Grievance Form to the respective Division Commander.
- 29.6.2 Within seven (7) days after the receipt of a timely Step 1 grievance, the respective Division Commander shall schedule a meeting with the grievant/representative and the Chief. Within seven (7) days after the Step 1 hearing, the Chief shall render a written decision concerning the grievance. If the grievant is not satisfied with the Step 1 decision, or if no decision is issued within the allotted time, the grievant may invoke Step 2 of the grievance procedure.

Step 2

- 29.6.3 Within seven (7) days of the date of the Step 1 decision is issued or is due, whichever is earlier, the grievant may invoke Step 2 by submitting the grievance and all written decisions concerning it to the Human Resources Director.
- 29.6.4 Within seven (7) days after receipt of the grievance documents, the Human Resources Director, or designee, will conduct a hearing concerning the grievance. The grievant/representative may present evidence in support of the grievance at this hearing.

Step 3

- 29.6.5 Within seven (7) days of the date the Step 2 decision is issued or is due, whichever is earlier, the FOP may invoke arbitration by giving the City timely written notice of its intent to arbitrate the grievance in question. Such notice shall be served on the Human Resources Director by certified mail, or hand carried.
- 29.6.6 The City and the FOP shall, within seven (7) days after receipt by the Human Resources Director of the FOP's notice of intent to arbitrate, submit a request to the Federal Mediation and Conciliation Service (FMCS) for a panel of seven (7) professional arbitrators who reside in the State of Florida.

Representatives of the City and the FOP shall meet within seven (7) days after receipt of the list of arbitrators and each shall alternately strike, one at a time, two names from the list. The grieving party shall make the first strike from the list. The person whose name remains on the list shall be notified jointly by the City and the FOP.

Arbitration Rules

- 29.7 All arbitrations or grievances arising under this agreement shall be conducted in accordance with the following rules:
- 29.7.1 The arbitrator shall have jurisdiction and authority to decide a grievance properly before him.
- 29.7.2 The arbitrator shall have no authority to change, amend, add to, subtract from, or otherwise alter or supplement any provision of this agreement.
- 29.7.3 The arbitrator may not issue any declaratory or advisory opinions and shall confine himself exclusively to the issues properly presented to him for resolution.

- 29.7.4 Each party may be represented at hearings by counsel or other representatives of its choice.
- 29.7.5 Each party shall bear the costs of preparing and presenting its own case. Any party desiring a verbatim transcript of the proceedings shall bear its cost, unless otherwise agreed. If both parties desire a record, its cost shall be shared equally by the parties.
- 29.7.6 The compensation and expenses of the arbitrator shall be borne by the losing party as determined by the arbitrator. Where the FOP does not represent the aggrieved member(s), and the arbitrator rules in favor of the City, the aggrieved member(s) shall be the losing party and will bear full cost of the compensation and expenses of the arbitrator.
- 29.7.7 In the event of a compromise award, as so stated by the arbitrator, the arbitrator's fees and expenses shall be borne equally by the parties to the arbitration.
- 29.7.8 The arbitrator's award shall be final and binding on both parties.
- 29.7.9 No bargaining unit member shall be allowed to proceed to arbitration and the City shall not be required to process any request for arbitration without the written authorization from the Florida State Lodge Fraternal Order of Police. To the extent permitted by law, it is understood by the parties that the arbitration procedure is the exclusive right of the Florida State Lodge Fraternal Order of Police.

Article 51 Travel & Per Diem

- 51.1 Compensation for travel will be reimbursed to the member for mileage where appropriate and in accordance with applicable Florida Statutes or City policy, whichever is higher.

- 51.2 When members are attending seminars, educational programs, or other travel requiring them to be out of the City for longer than one day, the City will provide the employee with the per diem amount. The per diem shall be paid in advance of travel where possible, and the member shall not be required to submit receipts for meal expenses. Per Diem shall be based upon departure and return times in accordance with State Statute.
- 51.3 The member shall be responsible for submitting receipts for reimbursement for expenses other than meals.
- 51.4 On certain occasions, because of budgetary constraints and agreed to prior to the travel requiring activity, the City can allow the member to attend on duty time only.
- 51.5 Requested training courses shall have direct bearing on the work of the member. Attendance at training courses must be approved by a Captain or above. Written approval for expenditures, other than City funding, to be paid by grants from State or Federal governments, from private or professional organizations, or by the individual member must be submitted with the training request. Requests for City funding must be approved by a Captain or above. Absences for approved city funded training that occurs during normal work hours shall be with pay.
- 51.6 Due to budget constraints, an employee may attend training, on or off duty, if the employee is willing to pay some or all costs. The employee must submit the training requests on the department's school request form. If on duty, approval will be based on the affect the absence will have on departmental operations, services and functions. If off duty, the attendance will be without pay.

Article 52

Off-Duty and Extra-Duty Employment

- 52.1 **Off-Duty Employment:** A member, with the approval of the Chief of Police or his designee, may be employed in off-duty police type employment which does not violate federal, state, or local law, and which does not compromise any ongoing criminal investigations. The Chief of Police must be notified in writing of all off-duty employment of an ongoing nature through an "Off-Duty Employment" form.
- 52.1.1 The Chief of Police may disapprove an off-duty employment request if the nature of the work is similar in scope to routine police functions and may be a conflict of interest that could place the department in a bad light. Positions such as process server, bill collector, repossessions, private investigations, and others as described in the Palm Bay Police Department General Order No. 222 are prohibited. Prior to undertaking such employment, the employee shall present all relevant information concerning the proposed employment to the Chief of Police or his designee. The Chief of Police shall indicate his approval or denial within five (5) working days from submission.

- 52.1.2 Employment which is not similar in scope to routine police functions such as employment which does not involve the wearing of a police uniform or the performance of security functions requires notification to the Chief of Police but does not require his approval.
- 52.2 **Extra-Duty Employment:** The Chief of Police will assign an Extra-Duty Coordinator to manage Extra-Duty Assignments. No bargaining unit member shall contract separately from the City to perform extra-duty details.
- 52.2.1 Rates charged to the Extra-Duty employer will be established by the City. An additional fee will be added to the rate to cover administrative costs including wear and tear of uniforms.
- 52.2.2 The City shall set rate of pay, hours scheduled, and method of allotting extra-duty employment.
- 52.2.3 Payment to bargaining unit members for extra-duty detail will be disbursed through the City payroll system and will have the appropriate taxes withheld. Payment for extra duty services shall not be considered part of wages for purposes of computation of overtime or for pension benefits.
- 52.3 It is recognized by the City and FOP that the primary responsibility of unit members is their assigned police duty. Any member who fails to report fit for duty because of off-duty employment shall be subject to appropriate disciplinary action.
- 52.4 When a member is off-duty and observes a violation of the law or other situation that requires him/her to act in the capacity as a law enforcement officer, the member is automatically transferred to an on-duty status. If a member is injured in an accident while engaged in off-duty employment not related to law enforcement, compensation, if any for the accident will be between the officer and the secondary employer.
- 52.5 Members working extra-duty shall be covered by the City's worker's compensation. The city's worker's compensation program will only be responsible for extra-duty injuries, if the secondary employer does not have worker's compensation coverage. The City will make every effort to ensure secondary employers have worker's compensation coverage for off-duty officers. This shall not preclude the City from seeking reimbursement for workers' compensation from the secondary employer.
- 52.6 The City agrees to include in all future City contracts that involve traffic control, security, or any other law enforcement function that the contractors shall first attempt to utilize the extra-duty detail system to perform those functions related to the projects.
- 52.6.1 A contract with the City is any contract entered into by the City.
- 52.6.2 The City will provide the contractors with the Extra-Duty Coordinator contact information.

52.6.3 The contractor will be responsible for contacting and contracting with the Extra-Duty Coordinator for the manpower required to complete the project.

Article 53 Layoff and Recall

53.1 Application -- Seniority, as defined in Article 10, shall govern layoff and recall, and shall apply for the purposes of vacation preference, transfers, and promotions.

53.2 Layoff -- In the event of a layoff for any reason, employees shall be laid off in inverse order of seniority.

53.3 Recall

53.3.1 Members in layoff status shall retain recall rights for twenty-four (24) months from the date of layoff. The names and seniority dates of laid-off members shall be placed on a recall list. A copy of the list shall be supplied to the FOP.

53.3.2 Notice of recall shall be given to the member by certified mail, return receipt, sent to the most recent address contained in the laid-off member's personnel records. It shall be the responsibility of each laid-off member to keep the City continuously advised of his/her correct current address if the member desires to be recalled.

53.3.3 A member who receives a notice of recall must notify the City's Human Resources Department of his/her desire to return to work no later than the close of the tenth (10th) business day following his/her receipt of the recall notice. If a notice of recall is returned unclaimed, it shall be presumed that the address was not correct. A laid off member who fails to notify the Human Resources Department in accordance with this section shall lose recall rights.

53.3.4 Within twenty (20) working days of the date a laid off member gives notification to the Human Resources Department of his or her desire to return to work, the member must report fit for duty or lose recall rights.

53.3.5 Members shall be recalled in order of seniority as shown on the recall list determined at the date the initial layoff occurred. The member with the greatest seniority shown on the recall list shall be recalled first. If, after the City has provided notice of recall in accordance with this Article to each of the members on the recall list, vacancies exist because laid off members have refused recall or failed to respond to notice within the time allotted, the recall list shall be deemed exhausted and the City shall fill vacancies through its ordinary hiring process.

53.3.6 Upon the return of a laid off member to a unit position, the recalled member shall be placed at the same pay level he or she occupied on the date of layoff and shall receive the rate of pay applicable under the salary system in force on the date of recall.

53.3.7 When a member has been reduced in rank due to a layoff or work force reduction, that member shall be placed into the salaried position closest to the salary held at the previous rank.

53.3.7.1 Those police officers leaving the service of the City on layoff will remain in the layoff status for twenty-four (24) months. However, if a vacancy becomes available at the position previously occupied by the reduced member within twenty-four (24) months or less, the reduced member shall be placed into that vacancy at the grade and step he had previously attained.

53.3.8 Seniority shall not accrue during layoff. Upon recall, a member's seniority shall be from the member's former hiring date, less the period of layoff.

Article 54

Alcohol and Substance Abuse Policy and Testing

54.1 Purpose:

54.1.1 It is the City's policy that employees present themselves for duty, free of the influence of illegal drugs or other intoxicants. The use of illegal drugs and the abuse of alcohol by City employees constitute a danger to the employee, fellow employees, and the general public. The use, sale, or possession of an illegal drug or alcohol in the workplace may negatively affect the City's efficiency in providing service to its citizens and can have an adverse impact on how the public perceives the City and its employees. The use, sale, or possession of an illegal drug by Police Officers is more serious because it destroys the credibility of the law enforcement officer and adversely impacts on the officer's ability to successfully testify against defendants in all future drug enforcement cases. For this reason, the possession, distribution, manufacture, sale, or being under the influence of an illegal drug by a Police Officer will be grounds for immediate termination.

54.1.2 The use, consumption, possession, distribution, manufacture, or being under the influence of illegal drugs or alcohol by employees while performing job duties for the City is specifically prohibited, except as provided for in 54.1.3.

54.1.2.1 Employees are prohibited from possessing, using, distributing or being under the influence of alcohol while on the job or on City property, except as provided for in 54.1.3. City property includes such areas as parking lots, vehicles, break rooms and locker rooms.

54.1.2.2 The use, consumption, possession, distribution, manufacture, sale, or being under the influence of illegal drugs, whether on or off duty, is prohibited as it may affect on-the-job performance and the confidence of the public in the City's ability to provide services and meet its obligations. The use, consumption, possession, distribution,

manufacture, sale, or being under the influence of illegal drugs by law enforcement officers at any time, whether on duty or off duty, is specifically prohibited except as provided for in 54.1.3, and is grounds for immediate termination.

54.1.2.3 If an employee has knowledge of the use and/or presence of alcohol or illegal drugs in the workplace, he/she should immediately report this information to his/her supervisor or to the Human Resources Department. Reports, complaints and investigations will be kept confidential to the extent permitted by law.

54.1.3 Police Officers who are acting within the scope of their employment are permitted to possess illegal drugs, to the extent that such possession is required by the specific duties and assignments of the particular police officer.

54.1.3.1 Police Officers shall be responsible for the accountability and proper disposition of illegal drugs as directed by Police Department Policy and Regulations, General Orders, and statutory mandates.

54.1.3.2 Police Officers assigned to undercover assignments shall be permitted to possess and have other contact with illegal drugs unless their conduct violates Police Department directives regulating their behavior as undercover agents. This exemption shall also apply to city employees acting as agents of police officers whose primary duty assignment is the investigation of illegal drug and vice activity.

54.2. Definitions:

54.2.1 Drug Test or “test” means any chemical, biological, or physical instrumental analysis administered for the purpose of determining the presence or absence of a drug or its metabolites.

54.2.2 “Initial drug test” means a sensitive, rapid, and reliable procedure to identify negative and presumptive positive specimens. All initial tests shall use an immunoassay procedure or an equivalent, or shall use a more accurate scientifically accepted method approved by the Agency for Health Care Administration as such more accurate technology becomes available in a cost-effective form.

54.2.3 “Confirmation test”, “confirmed test” or “confirmed drug test” means a second analytical procedure used to identify the presence of a specific drug or metabolite in a specimen. The confirmation test must be different in scientific principle from that of the initial test procedure. This confirmation method must be capable of providing requisite specificity, sensitivity, and quantitative accuracy.

54.2.4 "Illegal drug" means any narcotic, barbiturate, marijuana, central nervous system stimulant, hallucinogen, cocaine or any controlled substance as defined by Section

893.03, Florida Statutes, as amended from time to time, not possessed or used in accordance with a lawful prescription.

- 54.2.5 “Specimen” means blood or urine of the human body capable of revealing the presence of drugs or their metabolites or alcohol.
- 54.2.6 “Adulterated or tampered specimen” means a specimen reflecting the presence of a foreign substance, reflecting clinical signs or characteristics not associated with a normal specimen, or if an endogenous substance is present at a concentration greater than the normal physiological concentration. An adulterated or tampered with specimen that is unable to be tested due to tampering or adulterants will be considered as a refusal to submit to the test and the employee will be subject to disciplinary action, up to and including termination.
- 54.2.7 “Chain of Custody” refers to the methodology of tracking specified materials or substances for the purpose of maintaining control and accountability from initial collection to final disposition for all such materials or substances and providing for accountability at each stage in handling, testing, storing specimens, and reporting of test results.
- 54.2.8 “Safety-sensitive position” means any position, including a supervisory position covered by this Agreement, in which a drug impairment would constitute an immediate and direct threat to public health or safety.
- 54.2.9 “Special risk” means employees who are required as a condition of employment to be certified under chapter 633 or chapter 943.

54.3. Circumstances When Testing May Be Required:

- 54.3.1 This section applies only to employees who use their Commercial Driver’s License for the benefit of the City. The City Manager, or designee, may require an employee to submit to drug and/or alcohol testing as required by the Federal Highway Administration (FHWA) Controlled Substances & Alcohol Use & Testing Program, 49 CFR 382 et seq. This federal regulation also known as “CDL Testing” requires testing for alcohol as well as for controlled substances. Drug and alcohol threshold levels and procedures for CDL testing shall be as specified in 49 CFR 382, et seq.
- 54.3.2 The City Manager, or designee, may also require an employee to submit to testing when the employee’s immediate supervisor (Sergeant or above) and a supervisor of the rank of Major or above have a reasonable suspicion to believe that the employee has possessed, used, distributed or been under the influence of illegal drugs or alcohol in violation of this policy. A reasonable or founded suspicion is an opinion which is based on specific and articulable facts and reasonable inferences drawn from those facts in light of experience. A supervisor may suspect

that an employee is using or under the influence of illegal drugs or alcohol by observing symptoms or behavior, including but not limited to:

- (1) Excessive Absenteeism or chronic lateness.
- (2) Drowsiness or sleepiness.
- (3) Alcohol on breath.
- (4) Slurred or incoherent speech.
- (5) Unusually aggressive behavior.
- (6) Lack of manual dexterity or coordination.
- (7) Unexplained work-related accident or injury.
- (8) Arrest for drug or alcohol related crime.
- (9) Vehicle accident with death or injury to employee or another.
- (10) For employees who use their CDL's for the benefit of the City, any DOT related incident resulting in injury or property damage.
- (11) Suffered a worker's compensation injury.
- (12) Abnormal conduct or erratic behavior and/or a significant deterioration in work performance.
- (13) A report of drug use provided by a reliable and credible source.
- (14) Evidence that an individual has tampered with a drug test during his or her employment with the City.
- (15) Reliable information that an employee has caused or contributed to an accident while at work.
- (16) Evidence that an employee has used, possessed, sold, solicited, or transferred drugs outside of his/her job-related responsibilities.

The decision to require the employee to submit to testing in the case of suspected alcohol abuse, or in the case of suspected drug abuse, will require the approval of the City Manager, or designee, upon recommendation of the employee's immediate supervisor (Sergeant or above) and a supervisor of the rank of Police Major or above, prior to any test taking place. The cost of such test shall be the City's responsibility. Employees who are using a lawfully prescribed drug are encouraged to notify their department head and/or the Human Resources Department in advance of taking a drug test. The Police Department will be notified if illegal drugs are found or involved. The City, in coordination with law enforcement officers, reserves the right to search City property and facilities.

54.3.3 On a random basis, provided that no employee shall be randomly tested more than two (2) times in the same calendar year.

54.3.3.1 Random drug testing will only be required of a bargaining unit member on their regularly scheduled work day. No one will be called in on their regularly scheduled day off or scheduled vacation or compensatory time.

54.3.3.2 Random drug testing will be held on a day the majority of the bargaining unit members are working. Currently that day would be on Thursday of

each week. Every effort will be made to test the bargaining unit members within the first four (4) hours of their shift. If a situation occurs that requires a deviation from this timeframe, the Union President will be notified of the reason for the deviation.

54.3.3.3 City premises is the preferred location for random drug testing. However, Palm Bay Hospital, Holmes Regional Hospital, Health First Occupational Medical Center or the current provider may be used as an alternate location.

54.3.3.4 The City utilizes a ten-panel test, which currently exceeds FDLE standards. Those tests not required by FDLE will not be reported to FDLE if a positive test result is received; however, the City may discipline an employee for a positive test result, up to and including dismissal.

54.3.4 Routine fitness for duty. The City may require an employee to submit to a drug test if the test is conducted as part of a routinely scheduled employee fitness-for-duty medical examination that is part of the City's established policy or that is scheduled routinely for all members of an employment classification or group.

54.4 Testing Procedures:

54.4.1 All specimens will be collected at a designated facility as arranged through the Human Resources Department. Chain of custody procedures, security procedures, and specimen collection (access to authorized personnel only, privacy, and integrity and identity of specimen) at the designated facility shall be in accordance with HHS Guidelines. The collection facility and the substance Abuse and Mental Health Services Administration (SAMHSA) certified tester shall follow specimen collection and testing procedures consistent with the HHS Guidelines, except as specifically amended herein.

54.4.1.1 Employees who are required to submit to a test for the presence of alcohol or illegal drugs shall sign an authorization releasing all test results and records to the City. Any employee who refuses to sign such authorization, or who refuses to submit to alcohol or drug testing in accordance with this policy, shall be subject to disciplinary action, up to and including termination.

54.4.1.2 While awaiting the test results for reasonable suspicion of the initial and confirmation test results, the employee will be removed from active duty and placed on administrative leave with pay. If the test results are positive, the employee shall be placed on annual leave or leave without pay.

- 54.4.2 The threshold level or cut-off limit for drugs shall be as established by HHS and/or SAMHSA. The threshold level for determination that an employee is under the influence of alcohol shall be in accordance with section 316.1934, Florida Statutes.
- 54.4.3 In testing for the presence of alcohol, testing that provides quantitative results showing the amount of alcohol present in the blood will be utilized.
- 54.4.4 In testing for the presence of illegal drugs, the following procedures shall be followed:
- 54.4.4.1 The employee shall be required to provide two specimens at the time of collection.
 - 54.4.4.2 The first of the samples shall be submitted for the initial drug test:
 - 54.4.4.2.1 The City shall comply with the initial drug testing parameters set forth in Chapter 59A-24.006(4) (e) 1; and Florida Administrative Code, as may be amended from time to time. If the results of this test are negative, no further testing will be conducted, unless the city determines the confirmation test is necessary.
 - 54.4.4.3 If the results of the initial test are positive, the sample will be submitted for the confirmation test to verify the initial test results:
 - 54.4.4.3.1 The City shall comply with the confirmation drug testing parameters set forth in Chapter 59A-24.006(f) 1; and Florida Administrative Code, as may be amended from time to time.
 - 54.4.4.4 If the results of the second test are positive, only after an MRO (Medical Review Officer) has given the employee an opportunity to explain the positive test results, the City shall be notified of the results. The City shall notify the employee of the results. At that time, the employee may elect to have the second sample subjected to testing. If the tests on the second sample are positive, or if the employee does not request testing of the second sample, the City may take corrective action as provided below, including disciplinary action where appropriate.
- 54.4.5 The possession, distribution, manufacture, sale, or being under the influence of an illegal drug by a Police Officer will be grounds for immediate termination. Any employee found to have possessed, used, or been under the influence of alcohol while on duty shall be discharged except as provided for in 54.1.3.
- 54.4.6 Any employee who feels a need for alcohol treatment may request and will receive treatment through the City's Employee Assistance Program (EAP). Those who

voluntarily come forward before being mandatorily requested to go for an alcohol screening will be permitted to continue employment with the City, provided they comply with all requirements of the alcohol treatment and/or rehabilitation program.

- 54.4.7 Those employees who successfully complete a course of treatment or rehabilitation will be subject to unannounced testing for alcohol for a period of one year following completion of the treatment/rehabilitation program. A test result indicating the presence of alcohol during this period will result in the employee's discharge from City employment.
- 54.4.8 Any employee who is arrested for or convicted of a crime involving substance abuse is required to notify the City's Human Resources Department no later than twenty-four hours after such arrest or conviction.
- 54.4.9 Employees who are required by this article to take a test shall be required to sign an authorization form releasing the records of such tests to the Employer. The Employer shall release relevant information contained in those records only to those Employer management officials and representatives directly involved in employment related decisions involving that employee. This shall not limit the Employer from providing work-related information regarding the employee to the employee's supervisors, including work-related limitations or requirements and the reasons therefore. Each individual receiving such information will be instructed regarding the confidential nature of that information.
